

OUTLOOK FIRE

Please Do Not Report

- Outlook Fire, Evanston/Mt. View Ranger Districts, reported 7/12/16, cause undetermined.
- The Outlook fire estimated 7/10th of an acre
- The fire is located on the west side, at the top of Henrys Fork narrows in Summit County.
- Smoke maybe visible from the Dahlgreen Creek area and Henrys Fork basin.
- ATV/OHV users please be cautious as the trail is close to the fire area.
- Forest users please be cautious, avoid the fire area and *please do not report the fire and do not extinguish fire.*
- Fire is a natural part of the forest renewal process, and is being managed to improve forest health, big game forage, and reduce hazardous fuels without posing undue risk to people or property.
- Fire personnel are monitoring the fire.
